

CARAMEL APPLES

What you need

5 medium apples
5 wooden ice cream sticks
300 grams caramel candy
2 tablespoons of water
a saucepan

Instructions

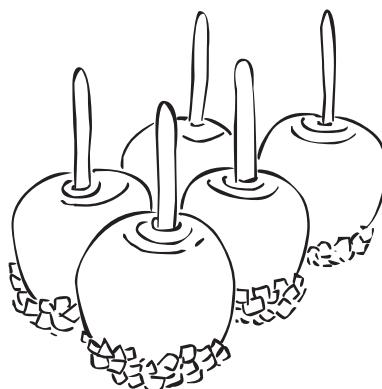

1. Wash and dry the apples.
2. Push a wooden stick into the centre of each apple.
3. Put the caramel candy into the saucepan, add the water and cook slowly for a few minutes. Stir all the time. The candy should melt completely.
4. Take each apple by the wooden stick and put it into the caramel. Cover all of it.
5. Put the caramel apples into the fridge for about 1 hour.
6. Enjoy your apples!
