## Language Improvement for Teachers

50 hours face-to-face course in Norwich  
3 - 14 July or 31 July - 11 August 2017

This course will enable you to **identify strengths and weaknesses** in your own language ability, equip you with **strategies for effectively improving your language ability** independently once you return to your classroom and orient you to online language development resources.

The three main strands of the course will be carefully integrated but will include attention to some or all of the following, in line with participants' needs and interests:

- Giving **effective instructions**
- **Explaining meaning**
- Giving **effective feedback**
- **Explaining difficult concepts** clearly
- Describing **classroom processes**
- Managing **classroom dynamics**
- Engaging in **professional discussions**
- Writing **effective worksheets**

An integral part of the course will be **reflecting on how you are learning** and **identifying teaching strategies that you can adapt** to your own classroom situation.

All course participants receive a **pre-course questionnaire**, which should be returned prior to the course. This is to ensure that the **areas of most relevance to participants** are covered.

All NILE's courses involve a significant element of English language improvement and/or development of language awareness.
