# Financial products

### Warm up

Read the quote. How much risk does Paul Samuelson think investors should take? Discuss with a partner.

Paul Samuelson, investor

### LEARNING OBJECTIVES

### **Investment communication skills**

Advising and warning investors; Confirming a telephone call by email; Discussing and recommending an investment

### Reading

A banking services web page; An email chain following up a request for information

### Listening

A radio phone-in show; A telephone call discussing retirement planning

### Language

Common financial terms; Phrases for giving advice and warnings; Phrases to ask for and check information politely

## **Choosing your investment**

- **1** Work with a partner. You have both just won €200,000. Discuss how you would invest this money in the current economic climate and why.
- 2 Match the words in the box to the definitions (a-j).

ives	commodities currencies diversifying equities fixed income stment fund investment portfolio market trend stock exchange yield
a b c d e f	an organization that manages the sale of equities a collection of different investments the money used in different countries certificates of ownership in a company giving the holder the right to claim a percentage of company profits raw materials such as metal, oil or agricultural goods the general direction of price changes in a security
g h	a stable return to investors, often through products such as bonds  investing in more than one type of security to reduce risk
i j	the amount of the return on a fixed-income product a financial product that collects money from lots of individuals and invests it

**3** New Capital Bank offers various investment products to its clients. Complete the web page with the correct form of words from 2.

NEW CAPITAL BANK				
Investment Services				
<b>Equity Funds</b> Invest in a range of <sup>(a)</sup> from the major <sup>(b)</sup> and have an expert fund manager manage your investment <sup>(c)</sup> These investments are generally higher risk but enjoy higher returns.				
(d) <b>Funds</b>				
Generate a regular income from investing in bonds and other debt securities with the reassurance that an experienced fund manager is protecting your capital in these relatively low-risk investments.				
Diversified Funds				
Spread your risk by <sup>(e)</sup> your portfolio across fixed-income securities, equities, <sup>(f)</sup> such as the USD or Euro and <sup>(g)</sup> like oil and iron ore. Benefit from high-yielding investments without risking your capital.				
Brokerage Services				
If you prefer to make your own decisions, you can take advantage of our brokerage services.  Choose our advisory services to receive advice on what to invest in and the developing  (h) trend for a fixed fee.  For those of you who just want to access the capital markets and don't require advice, you can choose our execution-only service, allowing you to execute trades on a wide range of markets.				

- 4 Read the web page again and decide which product is the best for each person. Think about the level of risk and timescale of each investment.
  - a 54-year-old preparing for retirement
  - b a 23-year-old planning for retirement
  - С someone who wants a regular income from investing
  - someone who wishes to trade securities as a new career
- 01 Listen to a radio show called The Money Hour. A financial advisor, David Williams, will give advice to three of the people in 4. Which person does he not give advice to? How similar was David's advice to yours?
- 01 Listen again and answer the questions.
  - Why can Jenny take a lot of risks if she wants to?
  - What advice does David give Jenny and why?
  - С What does David mean when he tells Brian he's 'leaving it late'?
  - What advice does he give Brian?
  - What advice does David give Sandra?

	е	what advice does David give Sandra?				
7	Put	the words in italics in the correct order.				
	а	for / I'd / go something with a modest risk-reward ratio, such as fixed income.				
	b	suggest / is / I / what focusing on stocks.				
	С	of / careful / be very high advertised returns as these would mean taking on too much risk.				
	d	overexpose / shouldn't / you your portfolio because you don't have time to earn back any losses.				
	е	recommend / I'd / fund / a with a yield of 5–10%.				
	f	is/I'd/do/what contact a broker and have a more detailed talk about your needs.				
	g	You can invest yourself, must / I / say / but the fees will be high.				
	h	be / you'll / probably / off / with / better an investment fund.				
8	Ma	tch the sentences (a–h) in 7 to the reasons you use them (1–2).				
	1	to give advice				
	2	2 to give a warning $\square$ $\square$				

9 Match the advised products (a-d) to the potential problems with those products

high fees

the type of investments in the fund

too much risk in the share market

returns are low on debt products
