## 27

M = Man W = Woman

Richard is a teacher. Every year his school has a photo competition for the children. Richard and Sarah are talking about some of this year's photos by the children. Which photo did each child take?

- W Are these photos for this year's competition, Richard? They're amazing.  
 M Yes, they're very good, aren't they? The children in my class took them.  
 W Who took this one? It's lovely.  
 M Oh yes, I love this photo. The colours of the sea are beautiful. David took it. He went to the beach last weekend with his family. It was at the end of the day and there were lots of wonderful colours in the sky and on the sea.  
 W Yes, I can see. It's a great shot. Did he take it with his phone?  
 M No, he didn't. He used his dad's camera. His dad has a very good camera.

Can you see the letter D? Now you listen and write a letter in each box.

- W This photo of the mountains is beautiful. Did Holly take it?  
 M No, it wasn't Holly. I know she goes walking in the mountains every weekend with her mum, but this isn't her photo.  
 W Who took it?  
 M This is George's photo. His family drove to Italy last year and they visited lots of lovely places. One day they stopped the car in the mountains. There was a beautiful little village and George took this photo with his phone.  
 W It's really good.  
 M This is one of my favourites. It's so funny.  
 W Oh, this one of the sheep? Yes, it's wonderful. Whose photo is it?  
 M Michael took it. He worked on his grandparent's farm in the summer. There were lots of animals – cows, chicks and horses. He took good photos of them all.  
 W And was this his best?  
 M Yes, the photo of the sheep was his best. It's so funny.  
 W I like this one.  
 M Yes, Helen took it in her garden at home.  
 W Really?  
 M Yes. She found this beautiful bird in her garden. She had her phone with her and she took this photo.  
 W What is the bird sitting on? I can't understand.
